Hi Sharon –

My foot's coming along, thanks. It helps to have it elevated.

I signed you web forms. I'm mostly through the fact sheet and will finish the rest and the permit by today. I'm going to ask Eric to bring it in to you tomorrow.

Hi Damien,

I hope you aren't too uncomfortable and your foot heals quickly. My apologies for neglecting to put in the attachments. Whenever you can get the package to me is fine even if it is next week. I think it goes to Joy and Diane downstairs and then back to you again before Dave sees it, unless that has changed.

I need to take some time off this afternoon to bring my Mom to the doctors, if that's okay. I will fill out a web form.

Hope you feel better.

Sharon –

I'm going through the MPM package now. Hard copies of the attachments are not included in the package. I'll use the electronic versions for my review.

I won't be in this week. I'm hopeful that I'll be able to sign off tomorrow and have Eric bring you the package (minus the attachments). Obviously you'll need to print out and include in routing package before it goes to Dave.

Hi Damien,

I made great progress on the Monadnock Paper Mills fact sheet this week and hope to start the review process for the draft permit before I leave on vacation in a couple weeks. I also need to prepare for the Merrimack Station briefing. As you requested, the most recent copy of the fact sheet is attached. I'm off on Monday but will be available on Tuesday if you have any questions.

Hope you have a nice weekend.
